Frequently Asked Questions

2026 Membership Changes

After nine years at the same level, Red River Theatres updated our membership pricing on January 1, 2026, for the first time since 2017. With this change, we've also introduced two new benefits, so you can get even more out of your Red River experience and connect with a community of film lovers who provide essential support to Red River Theatres! Beginning January 1, 2026, our updated pricing will be in effect. For existing members, your current membership will remain unchanged through your expiration date.

WHY IS RED RIVER CHANGING ITS MEMBERSHIP PRICES?

As a nonprofit, independent theatre, we rely on our incredible community of members and donors to help us support Red River and continue to champion independent film programming in the community. As operating costs continue to rise, we must periodically review our membership structure to ensure that our membership program continues to be engaging, viable, and able to achieve its full potential of fulfilling our mission as a nonprofit. We're so grateful for your continued support and commitment to Red River Theatres and the local arts community.

WHAT WILL HAPPEN TO MY CURRENT MEMBERSHIP?

For existing members, your current membership will remain unchanged through your expiration date. You may continue to enjoy your current membership package and benefits until it expires. When you receive notification to renew your membership in 2026, you can choose your preferred level with updated pricing. The deadline for renewing memberships at the current pricing was December 31, 2025.

ARE MEMBERSHIP BENEFITS CHANGING TOO?

We're thrilled to announce we will be adding two new benefits for all membership tiers! Starting in 2026, all members may also enjoy: 15% off a private theater rental in the Jaclyn Simchik Memorial Cinema (one per adult member per year) and 15% off all Red River Theatres merchandise.* No other changes are being made to our membership levels or benefits at this time.

WHO CAN I CONTACT WITH QUESTIONS?
